strategically placed on the global chess board as well as controlling vast oil resources the middle east was one of the main theatres of cold war in the 1950s the soviet union had taken advantage of arab nationalists disillusion with british and french imperialism along with the emerging arab israeli conflict to establish relations with egypt syria and iraq the united states responded by moving in to shore up the western position confrontation was inevitable superpower intervention in the middle east was written in 1978 when

this confrontation was at its height the book's main theme focuses on how the superpowers became competitively involved in local middle east conflicts over which they could exercise only limited control and the risks of nuclear confrontation of the kind which occurred at the end of the 1973 arab israeli war the threat to western oil supplies is also examined this is a fascinating work of great relevance to scholars and students of middle eastern history and political diplomacy as well as those with an interest in the relationship between the western superpowers and this volatile region

why has the prc been so determined that taiwan be part of china why since the 1990s has beijing been feverishly developing means to prevail in combat with the u s over taiwan's status why is taiwan worth fighting for to answer this book focuses on the territorial dimension of the taiwan issue and highlights arguments made by prc analysts about the geostrategic significance of taiwan rather than emphasizing the political dispute between beijing and taipei it considers beijing's quest for taiwan since 1949 against the backdrop of recurring chinese anxieties about the island's status since the seventeenth century

this volume analyzes the economic achievements of china since the opening in 1979 and the measures taken by the government to spur international trade investment and technology transfer china's extraordinarily high economic growth rate is examined and broken down into several parts prospects for continued high growth are evaluated this evaluation looks to the future to weigh the possibility for maintaining high growth into the next century a concluding chapter examines china's changing role in the world economy and politics

china and the people's liberation army defines great powers and developing states and suggests that the purposes of their militaries are fundamentally different solomon karmel works to debunk frequently unquestioned myths about china's status as a great power he employs extensive research of chinese and foreign sources secret and public to understand shortcomings in the strategic military and industrial overhaul of china's military industrial complex his thematic framework and case study analysis have important implications for the study of developing world militaries and east asian security

few regions of the world are as politically turbulent as the middle east and nowhere is the potential for superpower conflict greater how does the soviet union view the middle east conflict can the ussr play a constructive role in the peace process in this volume first published in 1990 these questions and others central to an understanding of soviet strategy in the region are addressed previous analysts of soviet middle eastern relations have tended to emphasize either the cooperative or the competitive aspects of soviet behaviour breslauer instead offers the multidimensional concept of collaborative competition to describe the mixed motives ambivalence and sometimes conflicting perspectives that have informed soviet strategy in the region in such an unstable

environment this strategy of collaborative competition has in turn encouraged approach avoidance behaviour for example while the soviets may seek to moderate their radical allies they remain fearful that these allies once moderated might defect to us patronage under gorbachev the kremlin continues to pursue this same strategy but with increased attention to improving collaboration redefining the nature of the competition and easing the approach avoidance dilemma breslauer argues that these changes could lead to more flexible soviet behaviour in the region this volume combines new in depth research on soviet policy with new interpretations including insights drawn from relevant theories of international relations

the theory of ch i mao s foreign policy formulation approach was influenced by the exaggeration or hyperbole in chinese literature and in the works of traditional chinese political leaders it is in this context that the thesis of ch i like purposive contention has been developed

china is on the rise in the globalized world the relationship between china and the united states has become the most important global issue in the twenty first century it is urgent to understand what is happening in china and where china is heading however there are many misconceptions about china in the west which affect westerners ability to objectively understand china and ultimately influence the making of foreign policy toward china the author attempts to challenge the misconceptions coming from both western societies and china and offer an integrated picture of contemporary china through systematically examining the major aspects of contemporary chinese society and culture with the most recent data and presents convincing arguments in eighteen chapters for spurring mutual understanding between china and the west the author intends this book to be an interdisciplinary and comprehensive guide to china for a general audience and it covers a wide variety of topics including history family population chinese women economy environmental issues politics religion media u s china relations and other subjects this book demonstrates the author s extensive research and thoughtful examination of many sides of controversial issues related to china with a nice balance of western and chinese scholarship this is one of the few that are authored by scholars who originate from china and have their professional career in the united states but it is distinctive from the rest of studies on this subject in that the author is committed to examining today s china from chinese as well as western perspectives this is not only a scholarly book but also is suitable for general classes on china
